

Students throughout FBISD are learning about character building through a weekly series of character-building lessons. Each lesson provides a **Home Link** and a **Community Link** to reinforce the daily classroom lesson. The **Home Link** is designed to foster meaningful communication among family members.

The **Community Link** is a proactive tool designed to heighten good character awareness and promote socially responsible behavior in the community. Each week focuses on the character quality presented in our elementary schools and provides ideas for your consideration.

## The Community Link

This week, our students are focusing on the quality of **RESOURCEFULNESS**. They are learning about:

- Being resourceful stimulates imagination and creativity.
- Resourceful people focus on solutions, rather than problems.
- Combining a positive attitude with resourcefulness is a winning combination for success.

Please take the time to consider what this good character quality means to your own group or organization by sharing the following:

### RESOURCEFULNESS

means to act effectively or imaginatively, to resolve problems or accomplish a goal.

Consider using this Community Link with your employees, membership or organization whenever possible.

### What You Can Do!

- Promote resourceful thinking. Help the youth in our community realize that being resourceful helps develop good problem solving skills that are important in the workplace.
- Think about ways to increase the awareness of the benefits of being resourceful as it relates to the environment. Explain the impact on future generations.
- Post This Quote by Theodore Roosevelt: "Whenever you are asked if you can do a job, tell 'em, 'Certainly I can!' Then get busy and find out how to do it."
- Food for thought: How resourceful would you consider your group or organization? Consider the following questions: 1) Is there more than one way to reach a goal or accomplish a task? 2) Is there a source to easily research or obtain information as needed?
- Integrate the principle of RESOURCEFULNESS in your organization as often as possible.
